Dear Mr. Phelps:

The South Dakota Department of Environment and Natural Resources received a Prevention of Significant Deterioration preconstruction permit application from Hyperion Refining LLC to construct the Hyperion Energy Center. The Hyperion Energy Center will consist of a new petroleum refinery and power plant near Elk Point, South Dakota. The application was received December 20, 2007.

Iowa requested a copy of the Hyperion Refining's Prevention of Significant Deterioration preconstruction permit application, including the modeling files. I am submitting a copy of the application on a CD for your review. If you have any questions, please feel free to contact me either by phone at (605) 773-3151 or via email at Kyrik.Rombough@state.sd.us.

Sincerely,

Kyrik Rombough
Natural Resources Engineering Director
